REPRESENTATIVE Irwin,

In response to the information you sent to Bonnie F. your H.R. HAS NO FORCE OF LAW.

It also is not the federal Government's job to secure our borders! That Constitutional free zone has been brought up by the non-constitutional jack boots usurping power they do not have to run slipshod over the people of the state!

You guys and gals up there should make better use of your time and our tax dollars than these H.R.'S
